## **OFFSHORE PETROLEUM AND GREENHOUSE GAS STORAGE ACT 2006**

### **AUTHORISATION TO ENTER AND BE PRESENT IN THE AREA TO BE AVOIDED**

The National Offshore Petroleum Safety and Environmental Management Authority [NOPSEMA], pursuant to section 618 of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006* (OPGGSA), hereby authorises the vessels listed in table 1 below, to enter, and be present in, the area to be avoided. This authorisation is subject to the following conditions:

1. The authorisation applies only to vessels listed in table 1 below for which Nobel Contracting II GmbH Australia is the **owner** as defined in Section 614 of the OPGGSA.
2. Each vessel must remain in radio contact 24 hours a day while it is located within the area to be avoided.
3. Each vessel must observe any prescribed petroleum or greenhouse gas safety zones in the area to be avoided.
4. Each vessel must monitor AusCoast Warnings and Australian Notices to Mariners for offshore operations before the transit is to take place.
5. Each vessel must participate in the Australian Maritime Safety Authority MASTREP system.
6. The authorisation is valid from 1 October 2019 until 31 January 2022.

**Table 1 – Vessels authorised to enter and be present in the area to be avoided.**

Vessel Name	Number	Port of registry
Noble Tom Prosser	IMO 9636864	Republic of Liberia
