

Regulation 5G of the Offshore Petroleum and Greenhouse Gas Storage (Environment) Regulations 2009 provides that NOPSEMA must be reasonably satisfied that a titleholder is compliant with section 571(2) of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006* prior to accepting an environment plan (EP) or revised EP.

Where a titleholder has previously made financial assurance declarations to NOPSEMA for all titles to which activities under an EP relate, this confirmation should be submitted at the time of EP submission.

Where a titleholder is unable to provide this confirmation to NOPSEMA on submission of an EP it is recommended that the titleholder contact NOPSEMA's Environment Division as soon as practicable.

Failure to provide confirmation of financial assurance will prevent NOPSEMA from accepting an EP¹.

NOPSEMA Guideline N-04730-GL1381 provides further advice on meeting financial assurance requirements.
