

# **PANEL SESSION:** **Global Leadership Game Changers** **for the Next Decade**

Jane Cutler, CEO

# The Objective

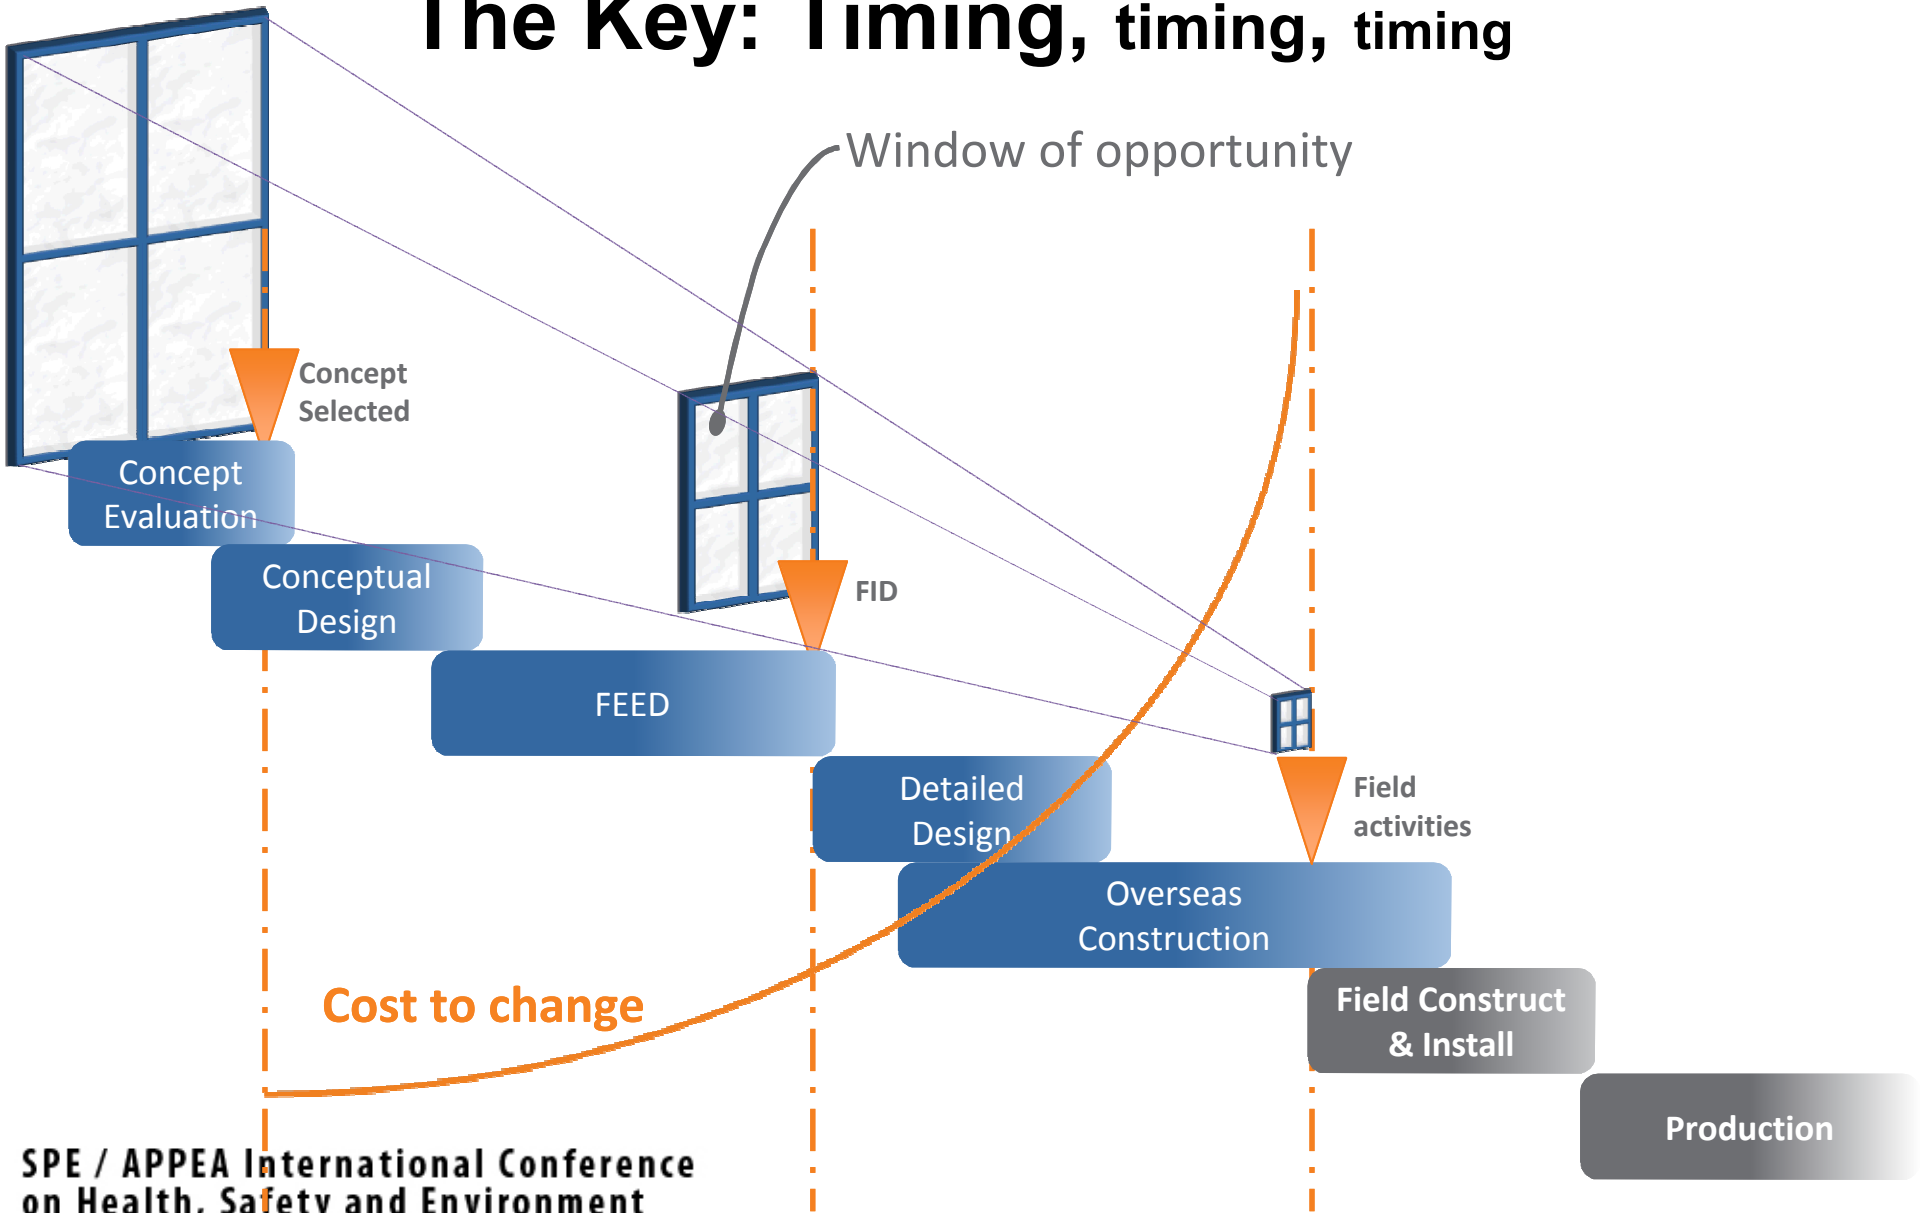

***Effective*** risk management by  
***embracing inherent safety***

# The Inherently Safe Approach

- Avoid or limit hazard at source
- Limit reliance on “add-on” control measures

# The Key: Timing, timing, timing

# The challenges

- Leadership, capability & vision at all levels
- Organisational culture
- Organisational structure

# The leadership game changer

Shaping and supporting an organisational culture which embraces and values inherent safety to ***effectively*** manage risk, by:

- Early application;
- Minimising hazards at their source;
- Designing out hazards over designing in control measure complexity;
- Ensuring systems fail safe when things go wrong.
