

Improvement Notice

(paragraph 3.30(e))

Offshore Petroleum and Greenhouse Gas Storage Act 2006
Offshore Petroleum and Greenhouse Gas Storage (Safety) Regulations 2009

Notice Number: 0369

IMPROVEMENT NOTICE

To: Woodside Energy Ltd

I, [REDACTED] an OHS inspector appointed under section 680 of the Act, am satisfied that the person named above as the responsible person is contravening, or has contravened, and is likely to contravene:

(a) clause 9 (2) (e) of Schedule 3 to the Act

at:

Goodwyn Alpha facility

The reasons for my opinion are:

The lifeboats have not been tested for over a year to demonstrate the water integrity and manoeuvring capability of the lifeboats under load conditions, as per Performance Standard E09, the lifeboat manufacturers and SOLAS requirements.

Woodside Energy Ltd is therefore unable to fully demonstrate that the lifeboats are capable of performing their intended function and use on demand in the event of a facility emergency.

You are required to take action within **90** days of the date of this notice to prevent further contravention or likely contravention of the clause or regulation.

The following action must be taken by the responsible person within the period specified above:

Woodside Energy Ltd is to put in place appropriate measures to ensure that the lifeboats are capable of performing their intended functions in the event of an emergency.
