Decommissioning/ P&A

Decommissioning Framework Review

S572: “maintain...”.... “remove when not in use”

S270: “plugged and closed off”

SPE Oct 2020: The potential loss of containment, as a result of delay in well abandonment, presents ongoing risk to safety, environment & ‘licence to operate’.

1000 wells
“If I had an hour to solve a problem I’d spend 55 minutes thinking about the problem and 5 minutes thinking about the solution.”

Albert Einstein
Well Control

IRF/IADC/IOGP – Well Control Problem Statement

Global perspective

• Pathways to address e.g.
  • PP/FG
  • Interfaces
  • Adopt standards
