*Offshore Petroleum and Greenhouse Gas Storage Act 2006***Authorisation to enter and be present in the area to be avoided**

The National Offshore Petroleum Safety and Environmental Management Authority [NOPSEMA], pursuant to section 618 of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006* (OPGGSA), hereby authorises the vessels listed in Table 1 below, to enter, and be present in, the area to be avoided. This authorisation is subject to the following conditions:

- The authorisation applies only to vessels listed in table 1 below for which GO OFFSHORE PTY LTD is the **owner** as defined in Section 614 of the OPGGSA.
- Each vessel must remain in radio contact 24 hours a day while it is located within the area to be avoided.
- Each vessel must observe any prescribed petroleum or greenhouse gas safety zones in the area to be avoided.
- Each vessel must monitor AusCoast Warnings and Australian Notices to Mariners for offshore operations before the transit is to take place.
- Each vessel must participate in the Australian Maritime Safety Authority MASTREP system.
- The authorisation is valid from **15/12/2025 until 31/12/2026**.
