Good evening. My name is [REDACTED]. I'm the [REDACTED] for any Australia with the title holder of the W A33L permit containing the black tip gas field. We've currently got the 17, the Belarus 17 Jack up there drilling an infill black tip 3. It's I'm what I'm calling to report just is there on the weekend reports we've got some observed annulus pressure on this P3 on the annulus between the 13-5 eights and the 20 inch casing, what we call the B annulus. And we're, we're investigating it at the moment. I've sent some information to [REDACTED] at your integrity team and we'll be following up on that at the moment. So it's basically a potential. Most of them are well barrier element with regards to pressure in the annulus. Thank you. My phone number is [REDACTED] It's 11:00 PM at night on the on Monday the 27th of February. Thank you. Bye.
