Hi [REDACTED]

New information [REDACTED] Northern Endeavour–NOGA FPSO facility was obtained today via a short notice inspection conducted by [REDACTED] and [REDACTED]

In relation to two recent notifications (Ref to email from [REDACTED] below)

I believe this information needs to be considered with regards to what I understand to be the current approach decided by CC based on *handover notes* from [REDACTED]

[REDACTED]

Could you look at the possibility of scheduling a CC tomorrow to discuss this new information

Regards

Hi [REDACTED]

Following your request for an urgent CC meeting this afternoon, I have checked everyone's calendar and there are no available slots.

Please discuss with [redacted] as [redacted] to determine if the matter can wait for Thursday's regular CC meeting. If a CC decision is required before then, I will need to speak to CC to shuffle meetings to accommodate.

I will be sending confirmed Agenda and papers for Thursday's meeting by COB today, therefore please forward a decision/discussion paper for this matter accordingly.

Kind regards,
