Dear [REDACTED]

Assessment of Scarborough Environment Plans

Woodside refers to the various Scarborough environment plans currently under assessment by NOPSEMA pursuant to the *Offshore Petroleum and Greenhouse Gas Storage (Environment) Regulations 2009 (Regulations)*, being:

1. Scarborough 4D B1 Marine Seismic Survey environment plan;
2. Scarborough Seabed Intervention and Trunkline Installation environment plan;
3. Scarborough Drilling and Completions environment plan; and
4. WA-61-L and WA-62-L Scarborough Subsea Infrastructure Installation environment plan, (together, the **Scarborough EPs**).

Woodside also refers to our letter to the Environmental Defenders Office (**EDO**) on 3 July 2023 to which NOPSEMA's [REDACTED] was copied (**3 July Letter**). A copy of the 3 July Letter is attached to this correspondence.

As set out in the 3 July Letter, Woodside considers that consultation with EDO's clients, [REDACTED], [REDACTED] and Save Our Songlines, pursuant to reg 11A of the Regulations is complete.

Woodside considers our letter should be in the materials before NOPSEMA when a decision on the Scarborough EPs is made. Accordingly, Woodside requests NOPSEMA, as the decision maker under the Regulations, consider the 3 July Letter when making a decision on the Scarborough EPs.

If you have any questions, please do not hesitate to contact Woodside's [REDACTED]

Your Sincerely

[REDACTED]
